Maxi Clay - Outdoor

Marc Krusin, 2023

Clay also expands into the outdoor dimension, assuming generous proportions and a renewed expressive strength in its Maxi version. The three-metre oval top amplifies the original design gesture, transforming the table into an architectural element capable of structuring open-air spaces with natural authority. Conceived to engage with light, air, and the materials of the surrounding landscape, Maxi Clay Outdoor combines formal rigor with technical performance. The purity of the oval line stands out decisively on terraces, in gardens, and within hospitality settings, while its material solidity ensures durability and long-term reliability. The result is an essential yet powerful presence, where harmony of form and structural integrity achieve a perfect balance outdoors as well.
