Helsinki 15

Caronni + Bonanomi, 2014

The Helsinki 15 project was conceived as an exceptionally versatile solution for both residential and contract environments: a system of coffee tables and consoles that transforms a formal archetype into a refined and functional range. Designed by Caronni+ Bonanomi, the project spans multiple dimensions, materials, and finishes, allowing it to integrate seamlessly into a variety of contexts — from living areas to reception spaces, from dining zones to exhibition settings — always ensuring visual lightness and aesthetic coherence.

Range of small tables and console with disassembllng steel frame, mm 15×15 section, and die-cast aluminium joints. Frame in matt lacquered finishing or in Desalto's exclusive finishes. Glass or ceramic tops.

Aviable also for outdoor with frame and hard-ware in stainless steel, tops only in ceramic.
