Tender

Decoma Design, 1988

A historic project from 1988 and still a bestseller today, Tender is the first extendable glass table in the history of design. A symbol of timeless innovation, it represents the perfect balance between form, functionality, and ingenuity. After more than twenty-five years, it remains an unsurpassed example of Desalto design, the forerunner of the company's extendable tables and an icon of elegance and rationality.

Tender

Extendible table with die-cast aluminium frame and steel tubes. Tops of glass , ceramic Oxide coupled with glass.
